**Recommendation for Amy Hissom
2209 Macrum Street, East Liverpool, OH 43920
February 3rd, 2011**

I am thrilled to sing Amy Hissom's praises after having worked closely with her on our new Dollars for Scholars web site at www.DollarsForScholarsOnline.com. We are thrilled with the site, and with her ongoing fine-tuning of it.

I'd originally contacted Ms. Hissom in the fall of 2010 regarding the site. We had not ever had an online presence before, so the entire thing had to be thought through and built from the ground up. In the two meetings we had last fall, Ms. Hissom methodically laid out, in commendable detail and clear layman's terms, her thoughts regarding the site. Even better, she was concise and clear regarding how she intended to approach the integration of a wide variety of important details, including having

- a) applicants be able to apply online;
- b) supervisors and counselors be able to submit recommendations online;
- c) a huge amount of detailed text comprising all our memorial, honorarium and individual scholarships;
- d) financial information having to do with donations; and more.

Ms. Hissom's work ethic has really impressed me, as has her expertise dealing with HTML code and with putting together tricky forms. Importantly, her cheerful attitude and positivity throughout the experience made her wonderful to work with from a personal standpoint. Working with her was a terrific experience all-around, and we're so pleased with the results. I recommend her strongly to anyone interested in creating a web site. Her work is superb.
